

iGo Figure® 2.08.1 Users Installing Version 2.08.2 Patch Instructions

STEP 1: Before You Install

1. This patch can only be applied to iGo Figure® Version 2.08.1. If you are on any other previous version, upgrade to Version 2.08.1 before applying the patch. To check your current version, open iGo Figure, look above Today's Attendance on the Main Menu and verify it is **Version 2.08.1**.
2. Exit iGo Figure and make a backup of the iGo Figure data. Make sure the application is not running.
3. Close all other applications.

STEP 2: Download 2.08.2 Patch

1. Go to www.igofigure.com and select United States of America. Click the My iGo tab.
2. Click **Version 2.08.2 Patch**. A file download window appears on the screen.
3. Click **Save**.
4. In the new window, click the down arrow in the **Save In** field. Select **Desktop**.
5. In the same window, click on the **Save** button to continue. A window will appear showing that the file is being downloaded.
6. When the download is complete, click **Close** to close the download window.
7. Close the internet browser (click the **X** on the upper right corner of the browser).

STEP 3: Install 2.08.2 Patch

1. Now you should be on the Windows® desktop (initial screen with icons on the computer).
2. Right-click on the file **v2.08.2.zip** and select **Extract All**.
3. The Extraction Wizard will appear. Follow the prompts.
4. Close all open windows. On the desktop, locate and double-click the folder **v2.08.2**.
5. Then double-click the file **v2.08.2.exe**.
6. A window will display for a brief moment and automatically close when the update is complete.
7. Once the update is complete, right-click on the folder **v2.08.2** located on the desktop and select **Copy**.
8. Double-click **My Computer**->**Local Disk C:->Program Files** ->**Curves**->**Utilities**.
9. Right-click on a blank portion of this window and select **Paste**.
10. Close this screen by clicking on the **X** on the top right corner of the window.
11. Launch iGo Figure and verify the version number has changed to **Version 2.08.2**.
